

MARS 06

Gayther Colour & Learn

(demonym: martian | maaz | mɑ:z)

The planet Mars is the fourth planet from the Sun and is referred to as the son of the Earth. The planet was named after the Roman God of war, Mars, who represented action, determination, and aggression. Within astrology, it is associated with the star sign Aries and is often considered the planet of passion. The planet is seen as having masculine or male identities. **The LGBTQIA+ connection is the symbol for Mars and is typically doubled and used to represent the Gay community.** Ultimately Mars is about passion, competition and determination
