

# NEPTUNE 11

Gayther Colour & Learn

(demonym: neptunian | nep-choon | nep.tju:n)

Neptune is the eighth planet from the Sun and has 14 known moons named after sea gods and nymphs. The planet is named after the Roman god of the sea, Neptune, who represents perception, false appearances and illusions. Within astrology, it is associated with the star sign Pisces and is often considered the planet of illusion. The planet is seen as having a feminine or female identities. **Though there is no direct LGBTQIA+ connection, it is associated with feminine gender identities.** Ultimately Neptune is about all things relating to the magical, spiritual, fantasy and reality
