

# PHOSPHORUS 09

GAYTHER COLOUR AND LEARN

Phosphorus is a chemical element with the symbol P and has the atomic number 15. The term originates from Greek mythology, Φωσφόρος meaning light-bearer, given phosphorus emits a faint glow when exposed to oxygen and is typically used in fertilisers, animal feeds, removers, corrosion preventers and dishwasher tablets.

## PANSEXUAL

A person who might be attracted to individuals from both the same and opposite sex (male-female-male, female-male-female). Pansexual people develop relationships and connections with individuals, regardless of a person's gender, typically attracted more to a smell, voice, humour, height, personality or any other unique factor
