

TENNIS 04

GAYTHER COLOUR AND LEARN

Tennis is a racket sport played on indoor or outdoor courts, in which two players (singles) or four players (doubles), using rackets, hit the ball over a net on a rectangular court. The objective of the sport is to score points by successfully hitting the ball over the net and within the opponent's zone in a way that it cannot be returned. The sport is known for its powerful serves, speed, agility and strategic plays. Tennis is a popular sport worldwide and includes major tournaments such as Wimbledon, the U.S. Open, and the French Open. Tennis has a long sporting history going back to ancient times, making it one of the most popular and prestigious individual sports in the world.

INTERESTING FACT

The oldest tennis court, dating back to the 1520s, can be found in Hampton Court Palace in the UK, and the game was initially played with bare hands.
